## **Introduction**

Thank you for purchasing this fine distribution amplifier (splitter) for composite video. This product allows you to distribute a single video signal to up to 6 monitors simultaneously. You may also distribute the signal to any composite-video based equipment. Each connection can be located up to 250 feet away from the splitter.

This product is supplied with the following components:

- 1 HexiSplit for Video
- 1 Power Supply (a power cord may also be included on 220 Vac models)
- 1 User's Manual and Product Registration card

Key features of these splitters are:

- \* 300 MHz bandwidth
  - \* Independently buffered outputs
- 1 Full bandwidth on both Y and C channels

## **Installation**

1. Connect a video cable from the video output of the computer or video equipment to the connector on the rear of the splitter marked **VIDEO IN**.
  2. Connect one or more video monitors or video equipment to any or all of the **MONITOR** outputs.
  3. Extension cables may be used to support monitor lengths to 250 feet. Communications Specialties sells these extension cables in various lengths. Contact your dealer for details.
  4. Plug the power supply supplied into the jack on the rear of the splitter marked **POWER**.
  5. Plug the power supply into a 110Vac or 220Vac wall outlet as appropriate. The front panel LED should glow red indicating the unit is properly powered.
  6. The monitor(s) or video equipment will now display the input signal.

## **FCC User Information**

*WARNING:* This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instruction manual, may cause interference to radio communications. It has been tested and found to comply with the limits for a Class A computing device pursuant to Subpart B of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference when operated in a commercial environment. Operation of this equipment in a residential area is likely to cause interference in which case the user at his own expense will be required to take whatever measures may be required to correct the interference.

---

## **Limited Warranty**

Communications Specialties, Inc. (CSI) warrants that for a period of three (3) years after purchase by the Buyer, **HexiSplit** for Video will be free from defects in material and workmanship under normal use and service. A Return Material Authorization (RMA) number must be obtained from CSI before any equipment is returned by the Buyer. All material must be shipped to CSI, Hauppauge, New York at the expense and risk of the Buyer. Units returned to the Buyer will be shipped freight collect.

CSI's obligation under this warranty will be limited, at its option, to either repair or replacement of defective units, including free materials and labor, at its customer service facility in Hauppauge, New York. In no event shall CSI be responsible for any incidental or consequential damages or loss of profits or goodwill.

CSI shall not be obligated to replace or repair equipment that has been damaged by fire, war, acts of God, or similar causes, or equipment that has been serviced, altered, or improperly installed, or abused.

RMA numbers and repairs can be obtained from:
